MultiDesk

The Desk Accessory Manager

This revolutionary program loads up to 16 standard ST Desk Accessories at once, using only a single slot in the "Desk" menu. Can even be loaded into itself, allowing an unlimited number of Accessories! Save and load entire lists of Desk Accessories with a click of the mouse. Even load and use Desk Accessories while inside a running program.

\$22.95

G+Plus

A powerful and complete replacement for Atari GDOS

Totally compatible with all existing programs that use GDOS, but without the slowdown. Reload fonts and device drivers without rebooting, even boot without an ASSIGN.SYS file! G+PLUS will automatically load the correct ASSIGN.SYS file for each GEM program that you use. A special "Solid Polyline" mode speeds up all desktop line drawing up to 25% even in programs that don't use GDOS. You can leave G+PLUS installed all day long, G+PLUS works fine with many programs that crash when used with GDOS.
